Taxes123\*

Yes!

**What if I am a returning user and can't remember my password?**

Use the ***Forgot password*** function in the log in page.

You will either be prompted to:

- Enter the verification code sent to your email or phone number; or
- Answer the “What is your favorite sports team?” security question. The answer is **Longhorns.**

Once you have changed your password, log in again.

**Do I have to change the password from Taxes123\*?**

YES! Otherwise anyone can access your account.

**I was never asked to enter my phone number for Multi Factor Authentication purposes (aka, I want my verification code to be sent to my phone, not email).**

Your cell phone number can be added to your account. Let your Site Manager know. They will know how to help you.

**The email/phone number used for Account Verification purposes is incorrect**

If the email/phone number used for Account Verification purposes is incorrect, let your Site Manager know. Also refer to your Site Manager if you would like to **change** the email/phone number linked to your TaxSlayer account to a different one.
